

Customer Warranty Information

Complete all steps in the Customer Warranty Activation Checklist to activate Invisacook Warranty.

NOTE: Non-compliance with any user manual instructions or below instructions will void your warranty.

Customer Warranty Checklist

Step 1

Read **User Manual** on invisacook.com before registering your unit.

Step 2

Visit <https://invisacook.com/register-your-product> to register your unit and start your warranty period. Your unit number can be found on the box and the *bottom* of your unit.

Step 3

Check that you have all your **InvisaMats** included with your unit

NOTE: **InvisaMat** is **ALWAYS** to be used when cooking as seen in the image below.

Step 4

Invisacook MUST used with Fully-Clad Stainless Steel Cookware, as seen in the image below

MANDATORY USE

The use of silicon pads are essential for cooking

DO NOT DISCARD
